Clarification relating to Beckers brand

For the avoidance of doubt Tikkurila states that Beckers brand is only in use in its decorative paints under a license obtained in conjunction with its acquisition of Alcro-Beckers AB in 2001 from AB Wilh. Becker.

Beckers decorative products are produced and distributed throughout Scandinavia as well as in some parts of Eastern Europe. Beckers is a leading decorative paint brand for consumers on the Swedish market. AB Wilh. Becker is not a party to the contemplated transaction regarding Tikkurila shares by PPG Industrial, Inc.
